Staying in Nature

~ GLAMPING AT ITS FINEST ~

Kolpa Resort

When urban concrete *meets* luxurious nature.

Imagine...

replacing the tie
with a towel around your neck,
concrete walls with a starry sky,
and Michelin stars with
simple home-cooked meals.
You kick off glossy shoes,
to feel the dew on the grass,
and the view of a skyscraper
is replaced by a view of a deer
on the meadow slope.
Feel the freedom once again.

We had a wonderful 3 day stay at the Glamping Resort. The glamping tent was very comfortable. The natural pool was clean and good for swimming and splashing. We were able to borrow kayak and SUB and try the nearby Kolpa river. Breakfast with local products was brought to the tent in the morning. Very good restaurants nearby. Exceptional

Volle Punktzahl. Wir waren rundum zu frieden mit unserem Aufenthalt. Eine tolle - gepflegte Anlage und vor allem ruhig und nicht so viele Leute. Unsere beiden Gastgeber waren immer da, haben sich um alles gekümmert und waren sehr hilfsbereit. Die Natur steht im Vordergrund und selbst das Frühstück wird nur mit lokalen Zutaten zubereitet und ist sehr lecker.

Oaza mira, ukusno nepretenciozno uređeno, čisto, ljubazni vlasnici, dobar položaj za izlete i kupanje na Kupi, eko imanje, biološki bazen.

Mislav, Croatia

Amazing place, very calm, clean and stylish resort with a beautiful natural pool and great for small children. The tents are located around a central field where you can keep an eye on the kids and there is a lot of space between the tents. The owners are extremely friendly and easygoing.

Nielse, Netherland

Welcome to paradise! This campsite is one of those places you can hardly find. The owners choose for quality and taste in everything they built. All tents and houses view the beautiful garden and natural swimming pool. You get homemade limonade by arrival, can choose the breakfast with local products and the natural pool is so beautiful and the absolute cherry on the green key pie. Everything here is climate friendly. And this part of Slovenia is beautiful to discover!

Tordoir, Netherland

We loved everything! The owners are very nice and helpful. The focus of the camping is on families, quality and sustainability. The arrangement, with the common areas in the centre, make it a very safe place for children. This arrangement, however, does not compromise privacy at all, since there are lots of plants and enough separation between the cottages/tents. The biological pond is really nice and clean. The beds in the wooden cottage were very comfortable. The common toilets and showers were nice and clean and the common space by the entrance is a very pleasant area to sit and read or chat. The atmosphere is also fantastic. There were lots of families, like us, with lots of children. So children would run around freely at night. There are also fire pits and our kids loved those fires and the roasted marshmallows. All in all it was a fantastic family experience. One of those that will stay in our memories. We would love to come back!

Hubert, England

Sve što treba na jednom mestu za potpuno uživanje. Napomenuo bih da su domaćini veoma srdačni i uvek tu za dobar savet.

Dušan, Srbija

Prijetna izkušnja, lepo, čisto, lastnik prijazen, ustrežljiv...skratka same pohvale. Ne bo vam žal če boste obiskali to mesto.

Petra, Slovenija

What a paradise: you are in beautiful, quiet surroundings, the grounds are very neatly maintained, the chalet is cozy furnished and the host and wife are very friendly and helpful and can give you lots of tips on activities and restaurants in the area. The natural pool was wonderful and clean.

Wendy, Netherland

This is what tourism should be like. Small scale, with respect for nature and the environment. The tents are nice and cozy and offer enough privacy, the nature pool is fantastic, the local products at breakfast are delicious, and the hosts are super friendly and give you tips on what to do in the area. A great place to relax for a few days. Exceptional
